TECH TRENDS BOOTCAMP 2024

INTRO TO CHATTING WITH AI

WEBINAR

Curious about using tools like ChatGPT or Gemini but not sure where to start? In this class, we will explore tips for using generative AI chat programs so you can make them work for you. You will learn how to write questions, or prompts, that are specific and effective at obtaining helpful responses. Whether you plan to use them at work, for personal projects, or just for fun, we will show you how this technology can help you with many types of tasks. We will also cover best practices for privacy and security so you can be a confident user.

SPACE IS LIMITED AND REGISTRATION IS REQUIRED

MONDAY, JUNE 10, 2024

9AM AK | 10 AM PT | 11AM MT | NOON CT | 1PM ET

[FREE REGISTRATION HERE](#)
